

The most important industry gathering with contacts at the highest level

As the only exhibition of this kind, productronica showcases the entire value chain in electronics manufacturing – from technologies and components to software and services.

Save the date

productronica | World's Leading Trade Fair for
Electronics Development and Production

Date: Nov 12 - 15, 2019

Exhibiting is worthwhile

Future technologies, industry trends, growth markets, investment decision-makers and experts. Only one trade fair for electronics production has all that.

→ Exhibiting is worthwhile
