

productronica App—Planning aid and trade fair guide

The productronica app is the easy way to prepare for your visit to the fair and stay informed while you are there.

The productronica app: Four days of the fair in the palm of your hand

productronica has an innovative tool available that you can use to easily and professionally prepare for your stay and make it more efficient: The productronica App for iOS and Android.

One app – many benefits

- ✓ Search for specific exhibitors, products, applications and events
- ✓ Save contact details in your personal address book
- ✓ Access detailed hall plans with compass function
- ✓ Easily create and access favorites lists
- ✓ Keep a record of text memos and pictures from exhibitors and follow up on them
- ✓ General information about the trade fair

Download the App to your Smartphone free of charge before the fair begins. That way, you are perfectly prepared and save time and possible roaming fees when you arrive at the fair.

The productronica app will be available well in advance of productronica 2019.

- Free WiFi at productronica
- Program overview
- Planning your visit

Save the date
